There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. The meeting shall be called to order by the regular precinct committee or committees residing in the said magisterial districts, and said committees or committees will give the nominees of said mass meetings their certificates of nomination. Campton, Ky., Nov. 23, 1908.
A. B. COX, Chairman.
W. R. CATRON, Secretary.

John C. Wood, editor of the Mt. Sterling Gazette, one of the most partisan Republican papers of the Tenth congressional district, suffered a slight stroke of paralysis Monday of last week. His condition is not considered serious.

Representative Langley, of this District, is preparing a bill designed to prevent the dynamiting of fish. The evil is being extensively practiced and the Tenth District member believes a stop should be put to it. Mr. Langley takes the view that if the Government has the power to spend money for the propagation of fish it should be able to prevent their wholesale destruction.

Three months before the regular election is ample time for a primary election to be held. The fallacy of holding primaries a year or so before the regular election was demonstrated recently in Scott county where the nominee for county judge is dead and the candidate for county attorney is seriously ill. This will, of course, necessitate another primary election in that county, and the same thing is liable to occur in others of the "early primary" counties, and the custom should be stopped.

The Isaac Shelby medallion which was stolen from the safe in the Governor's reception room at the executive offices is now said to be worth more as a relic than for its intrinsic value, being made of bronze instead of gold. A letter was received the other day from Ed O. Leigh, former Gov. J. C. Beckham's private secretary, stating that the medallion was returned by the photographer who borrowed it to use in front of his camera. Mr. Leigh says that he had the medallion in the office several times after the photographer had it, and that it was not missed until just before Gov. Beckham went out of office. No trace has been found of the missing souvenir.

While hunting in Mexico the other day Hon. W. J. Bryan had an exciting experience with a bear which he shot. Thinking the bear was dead, he went up to it, when the animal attacked Mr. Bryan, whose hunting jacket was torn considerably by the enraged beast. A companion dispatched the bear with another shot. Mr. Bryan killed two bears, a mountain lion and five deer.

Representative Champ Clark, of Missouri, was chosen minority leader of the House at a caucus of the Democratic members of that body. He was placed in nomination by John Sharp Williams, his predecessor.

Up to the present we have not heard the returns of the Morgan primary, but I. C. Ferguson was nominated for county judge and H. Burns Brown for sheriff. J. P. Hayney received the nomination for county attorney.

Was Mixed Often.

Some remarkable stories are being told about town and among the country people coming in of this simple home-made mixture curing Rheumatism and Kidney trouble. Here is the recipe and directions for taking: Mix by shaking well in a bottle one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Take as a dose one teaspoonful after meals and at bedtime.

No change need be made in your usual diet, but drink plenty of good water.

This mixture has a peculiar tonic effect upon the kidneys; cleaning the clogged-up pores of the eliminative tissues, forcing the kidneys to sift and strain from the blood the uric acid and other poisonous waste matter, overcoming Rheumatism, Bladder and Urinary troubles in a short while.

A druggist here who has had hundreds of calls for these ingredients since the first announcement in the newspapers last October stated that the people who once try it "swear by it," especially those who have Urinary and Kidney trouble and suffer with Rheumatism.

All the druggists in this neighborhood say they can supply the ingredients, which are easily mixed at home. There is said to be no better blood-cleansing agent or system tonic known, and certainly none more harmless or simple to use.

A Canning Factory.
HASTINGS INDUSTRIAL CO.
Chicago, Ill., Dec. 5.
Hazel Green Bank,
Hazel Green, Ky.

Permit us to call your attention to the benefit of a Canning Factory would be in your town. The farmers can raise the raw material; home labor can pack it. This will bring thousands of dollars into your community. Now you send thousands of dollars into other communities for canned goods. You have the labor. You can have the money coming into your community as it is now going to other communities. Your farmers will have a cash market at home for their sweet-potatoes, beans, tomatoes, beets, peaches, berries, pumpkins, okra, ect. How much of them go to waste now or are lost for the want of a market? If they are not raising

them now they can do so in addition to their other crops.

Take sweet-potatoes for instance, the value of land is based on what it will produce, or its earning capacity. An acre of land will produce from 200 to 300 bushels of sweet-potatoes, or \$100 to \$150 per acre; beans \$150 to \$200 per acre. Other products in proportion. Besides the owners of the factory should get a good dividend on the investment. The increase in the value of property and the increased benefits derived therefrom in the way of furnishing employment will be a great benefit to all concerned.

Do you think your people would become interested in having a company organized to operate a Canning Factory in your town? It will pay out yearly to farmers and laborers from \$50,000 to \$100,000. This amount would be mostly spent at home, which would certainly mean increased business for all. We should be pleased to send a representative to explain in detail the benefits of a factory, and how a good factory, for a small amount of money can be organized without taking funds from the other active enterprises of the town, and should our representative not be successful it will cost you nothing. Please write us your views.

What is the Matter With the Public Schools?

This is the answer:

A little while ago, The Delineator was asked the question, "What is the matter with public schools?" There were a number of suggestions that developed from that investigation. There are a number of things the matter. Out of them all one defect in our educational system stands out glaringly. It is most tersely told in the last report of the United States Commissioner of Education. It's a simple statement of the salaries that Americans cities pay their school teachers.

And that, ladies and gentlemen of the school board, is what is the matter with our public schools. We pay our unskilled street laborers something like a dollar or a dollar and a quarter a day. We are paying our school teachers some less and some a little more. It is the wages that a dull brain and a primitive mind are worth. In return for such wages we are requiring a service that should be entrusted only to a mind and heart enriched with all that literature and art and science can contribute to a perfect culture. It should be only such a personality into whose training we give the future citizens of the nation. Can we get personalities like that to serve us in our public schools? Not any longer than they can help it. Just so soon as their force of character and intelligence and initiative enable them to reach a better paying position, one that will allow them to buy books and hear music and have the other good things of life that their large natures crave, they go after it.

Until we realize with a conviction that reaches our pocket-books that the school laborer is worthy of her hire, we aren't going to keep the best school laborers in the public employ. And there will continue to be something the matter with the public school.

The News of the World so arranged that busy people can more easily comprehend, than by reading cumbersome columns of dailies. All topics made plain in each issue by special editorial matter written from inception down to date. The only paper published especially for people who do or do not read daily newspapers, and yet thirst for plain facts. That this kind of a newspaper is popular, is proven by the fact that the Weekly Blade now has over 200,000 yearly subscribers, and is circulated in all parts of the United States. In addition to the news, the Blade publishes short and serial stories, and many departments of matter suited to every member of the family. Only one dollar a year. Write for free specimen copy. THINKING OF MOVING WEST?

If not, then make up your mind and write me for descriptive list of farms in Missouri, Kansas and Oklahoma. All fine, level, productive land that will grow anything under the sun, at prices ranging from \$15 to \$40 an acre, and come where life is made tolerable by easy, profitable farming. Why sweat and fret life away in the vain effort to eke out a mere miserable sustenance from the rock-ribbed, root-faced hillsides as your father and father's father did, when there is so much good land to be had yet awhile for a mere song? Get out of the rut—break away from the time-worn habit that keeps your nose to the grindstone. All it takes is resolution and a little nerve. Write me, and let me help you to a better condition.

The home news; the doings of the people in this town; the gossip of our own community, that's the first kind of reading matter you want. It is more important, more interesting to you than that given by the paper or magazine from the outside world. It is the first reading matter you should buy. Stops Hair Falling

Ayer's Hair Vigor, new improved formula, will certainly stop falling of the hair. Indeed, we believe it will always do this unless there is some disturbance of the general health. Then, a constitutional medicine may be necessary. Consult your physician about this.

Does not change the color of the hair.

Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

THE HERALD.

Rev. Henry Elam, Jr., of Insko, was in town Tuesday and Wednesday.

Henry Bailey, of Insko, was in town a few days since on business.

Charlie Rose, of Richmond, is here visiting his parents and friends.

Charity is said to begin at home and in many instances it never gets away from there.

R. G. Bolin, of Jackson, visited relatives and friends at Hazel Green and Maytown last week.

Dr. Center reports the birth of a boy to the wife of Calloway Sebastian, of Daysboro, Friday, Dec. 9.

Christmas eve night there will be a box supper given at the Johnson school house to which everybody is asked to come.

A communication signed "Black Eyes," from Daysboro, has been relegated to the waste basket for lack of proper identification.

If you have any saddles or harness that needs repairing take them to S. F. Reynolds and see how neatly and cheaply he can do the job.

For Sale—A handsome round wick coal oil lamp, with beautiful decorated shade, cost \$6; can be bought for than one half. Apply at this office.

Seborn Walters this week sold his farm near town, about 60 acres, with a good house, barn and buildings, to George Johnson, of Neola, price being \$11,50.

Rev. Jas. Little yesterday moved from the Evans property to the Roe Nickell property, which was vacated by Claude Day, who moved to the Cox Mill neighborhood.

Mrs. Lou Mapel returned home Monday from a short visit to relatives and friends in Clay City and Stanton. She also visited her son, R. N. Mapel, at Union Hall, while away.

If "T. N., 2804 Cumming St., Omaha, Neb.," will look at the date on the address label of his paper he will find it reads "18 Oct 09," and has been so for some time.

N. C. Day, the progressive young merchant at Neola, passed through Hazel Green Monday morning and delayed at THE HERALD office long enough to leave an order for printed stationery.

The stockholders of Hazel Green Bank are hereby notified to meet at said bank on Saturday, December 19, 1908, for the purpose of electing officers for the year 1909.

H. F. PIERATT,
President.

In some way the communications of several correspondents last week got mixed up with other papers and were not found until too late for publication. We will try to avoid such accidents in the future.

A Well Deserved Compliment.

In writing to the Lexington Evening Gazette a correspondent from Midway pays the following high tribute to our fellowtownsman, Rev. H. J. Derthick, but is mistaken as to his principalship of academy here. Mr. Derthick resigned this position last summer as he felt he could do more good for the institution if relieved of the onerous duties the position required of him.

"C. W. B. M. Day will be observed by the local auxiliary of that organization at the morning service of the Christian church of this city on next Sunday, December 13. The annual sermon will be preached by Prof. H. J. Derthick, principal of the Hazel Green Academy, which flourishing institution is under the direct control and management of the National Board of this splendid organization of Christian women. Professor Derthick has been preaching and teaching in the mountains of Eastern Kentucky for a number of years and has made a close study of the needs of these people. He is a pleasant speaker and his address is being looked forward to with much pleasure."

Rose-Sample.

If everything passed off smoothly and nothing occurred to mar the festivities a charming little home wedding came off at the residence of Mr. and Mrs. E. S. Sample, near Mt. Sterling, when their daughter, Miss Elizabeth, was united to Curtis O. Rose, yesterday (Wednesday) morning, at 10 o'clock. The attendants were Miss Matilee Rose, Clay Cecil and our fair assistant postmistress, Miss Nancy Sample, a cousin of the bride.

The groom is a progressive young farmer and a son of Hon. Jos. A. Rose, of our county, whom everyone in this section well knows. The bride is a niece of Mr. and Mrs. C. S. Sample, of Lacy creek, and is well known in this locality. This makes the fourth marriage that has occurred between the Rose and Sample families since 1881. THE HERALD joins in wishing the young couple much prosperity.

Death of Mrs. Blankenship.

The wife of Hiram Blankenship, of the Swango fork of Grassy, died Friday morning last of tuberculosis. It will be remembered that she is the mother of the girl triplets born some months since, and for some months has been an invalid. She was a daughter of Noah Long, and beside her husband she leaves six children, two of the triplets recently died and the last is very ill.

Card of Thanks.

To those who were so kind and attentive to us during our bereavement we desire to express heartfelt thanks. Especially are we grateful to those who were so thoughtful of my loving wife and babies during her long illness. May they in like affliction be ministered unto as they have ministered to us is our prayer.

MURPHY FORK MINUTES.

Arch Childers, of Ezel, is drilling a well for Mort Cecil this week.

Ben Murphy bought three head of cattle from Buchanan Rose last week.

Ben Murphy has put up a new stock scale near his barn. John Goad, of Ezel, did the work.

Milt Lykine was the guest of Ben Murphy Saturday and Sunday, and still holds his own in the world of gas.

The writer saw John McGuire, of Pekin, on this creek Sunday. He was all smiles, which made me think he had seen his sweet Nora.

There was a hog killing time on the creek last week. Five neighbors fought the disease, Berry Taulbee being the boss murderer in every case.

Sam Wilson, who is painting at the home of E. F. Cecil, at Consolation, came over the hills and spent Sunday with home folks and took in the primary at Ezel Monday.

Dec. 14. POST.

Candidate for Constable.

W. R. Taulbee or "Riley," as he is better known by his friends is a candidate for the office of constable in the Hazel Green precinct, and asks the support of all his acquaintance. Riley is comparatively a young man, has always been a Democrat and always enthusiastic for his friends. But he never held or asked for office before. He has lived in this vicinity for 13 years and never a word has been said against him in any way. The convention comes off Saturday, Dec. 19.

In a recent interview with a Lexington reporter, Rev. C. F. Oney, who recently preached in the Methodist church here and also at White Oak, in Morgan county, said that in an extended trip through Eastern Kentucky he found that much christian work is needed throughout the territory he visited.

News from Calaboose states that William Trent, a prominent farmer of that place, dropped dead last Friday morning from heart disease. Mr. Trent was an uncle of Elgin Trent, whose sudden death was mentioned in our columns last week by our Campton correspondent.

"Uncle Sam," the painter-poet, says that after Christmas he will crawl into his den there to hibernate until the balmy breezes of spring call him forth to resume the art of making old cabins look new and news one glisten with splendor.

Deputy Sheriff Walter Oliver arrested J. C. Taulbee and wife, of Mary, and placed them in jail at Campton. They had been fined in the Circuit court for living together as man wife before they were married.

THE VERY BEST.

Have any of our readers seen a recent copy of the Cincinnati Weekly Enquirer? If not, it will pay to send for a copy, if for no other purpose than to note its present great worth as an educator in all things that tend to make life prosperous, and home, the happiest place on earth.

The editor by asking its readers to criticize and suggest improvements; and following advice thus obtained is enabled to produce a paper that exactly fits needs of a family and a material aid to father, mother and children in reaching that higher level in social life, where content and comfort reign supreme.

Father obtains ample information that guides in the where, when and how to regulate and increase the income from his efforts. The mother in management of household affairs, practical economy, government of children, and other duties that makes her toil a labor of love. Children's minds and hearts are freed from thoughts of questionable amusements and frivolities of life, and encouraged to emulate all that is helpful in planning for a useful future in life.

The Grand Idea being that; "As are our Homes, so will be the Community, State and Nation."

A most desirable help, is a non-sectarian sermon each week, as preached by that Biblical Student Pastor Chas. T. Russell; a forcible reminder of the spiritual and temporal rewards gained by righteous living as preferable to a Godless life that brings nought but misery to the home.

Other departments and features are above the ordinary, the unanimous verdict of its readers being: "The cleanest and best family Weekly known to them."

Sample copies may be had by writing to the ENQUIRER COMPANY, Cincinnati, O.

Heart Troubles

The heart may be weak just the same as the eyes, stomach or other organs. It often happens that a person is born with a weak heart. Then again disease, fevers, over-exertion, anxiety, nervousness, rheumatism, etc. weaken the heart. The result is shortness of breath, palpitation, pain in the heart, or in some of the nerves of the chest or abdomen. The heart should be strengthened with a tonic, and for this nothing equals Dr. Miles' Heart Cure.

"I had LaGrippe last fall as I thought in a mild form. I was weak, tired feeling, and short of breath; could hardly go about, and a good deal of the time sort of an asthmatic breathing and extremely nervous. I began taking Dr. Miles' Heart Cure and Nervine and now I feel so much better in every way. I am so thankful that I began taking this medicine, and shall not hesitate to tell others how much good it has done me."

KENTUCKY KERNELS

Carefully Collated and Concisely Chronicled.

Hungry burglars broke into the Champion Flouring mills, at Falmouth, and carried off seven sacks of flour.

Charles Thompson, living near Scranton, in Menefee county, was seriously injured the other day by a tree falling on him.

James Hatfield, who in defiance of his sister shot and killed his father, Asberry Hatfield, was acquitted last week in Hardin Circuit court.

Carrie, the little daughter of Rufus Gaubler, a Davies county farmer, was badly burned by her clothes catching fire while watching her father kill hogs.

Mass meetings have been held in Jackson recently by the law-abiding people and steps will be taken to put a stop to the lawlessness which has been so prevalent in Breathitt county.

Rev. Joseph Hall, for many years an able and prominent divine of Millstone, Letcher county, went suddenly insane and died shortly afterward. He was also a brilliant politician and educator.

Ed Kitchens, of Russellville, was acquitted on examining trial for the murder of his father, F. G. Kitchens. It was proven that he killed his father to save the entire family from being murdered.

Alonzo Lazwell, a 13-year-old Louisville boy, was severely injured in a very peculiar manner. While carrying a glass pitcher he fell and broke it, a piece one inch wide and four inches long entering his side.

The ore mines in Bath county are soon to resume work, orders for 3,000 tons of ore per month having been received, and there is great rejoicing among the 100 or more employees who have been idle for several months.

Mrs. Sarah Kesner, said to be the oldest woman in Martin county, died at the home of her daughter, Mrs. William Goble, on Middle Fork, last week. Had she lived until May 14, next, she would have been 105 years old.

A warrant drawn on the state treasury in favor of F. M. Watkins for \$2, that has been traveling around the state for two years, was returned last week. It was issued in payment of a prize Watkins had won in 1906 at the state fair. Watkins could not be found.

While standing on opposite sides of Tug river, one in West Virginia and the other in Kentucky, Doc Mounts and Sam Carter fought a duel with rifles, in which Carter was fatally wounded. Mounts crossed over and escaped. The trouble arose over Carter's wife.

Lexington is to have a new nine-story hotel which will be built on the corner of Short and Limestone streets, embracing a portion of the present Leland Hotel site. It will be under the management of W. F. Klair and Patrick Mooney, present proprietors of the Leland.

Teamsters in Owensboro complain that splinters from the rocks on the newly macadamized streets in that city pierce the hoofs of their horses and cause them to have sore feet, which results in lock-jaw and death. Quite a number of animals have died recently from this cause.

A petition has been circulated in Lexington asking the appointment of Chas. H. Berryman, manager of J. B. Haggins' Elmendorf farm, as collector of the Seventh Internal Revenue district to succeed Sam J. Roberts. According to popular belief Berryman has Roberts' endorsement.

Democratic State Chairman Prewitt will compile the names of newly elected committeemen of the party in the various counties. But two contests are before the state committee and these are on construction of party law. The state committee will assemble at an early date in January.

A large bird had been carrying off domestic animals and fowls in Menefee county for some time, so H. N. Gose, of near Mariba, set a large steel trap to catch the marauder. He was successful in his undertaking and last week caught an eagle which measured nine and a half feet from tip to tip of wings.

The old Lulibgrad church, one of the oldest landmarks in Montgomery county, was last week destroyed by fire. It was one hundred and fifteen years old and was one of the oldest in the state. It was built of logs and was weather boarded. A peculiarity of its construction was that it had twelve corners representing the twelve apostles.

If Frank Campbell, colored, had not stumbled at Benton and fractured the neck of a bottle, the source of the unusual number of jags in court that day would not have been discovered. As it was the unmistakable aroma which arose after the accident directed the sheriff's attention to the negro and a search of Campbell's clothes disclosed seven gallons of whisky in quart bottles. The lining of his overcoat was sewed into innumerable pockets that went all around and the shabby exterior gave the appearance of having holes clear through it.

Don't Use a Scarecrow

To Drive Away the
Mail Order Wolf

You can drive him out quickly if you use the mail order houses' own weapon—advertising. Mail order concerns are spending thousands of dollars every week in order to get trade from the home merchants. Do you think for a minute they would keep it up if they didn't get the business? Don't take it for granted that every one within a radius of 25 miles knows what you have to sell, and what your prices are. Nine times out of ten your prices are lower, but the customer is influenced by the up-to-date advertising of the mail order house. Every article you advertise should be described and priced. You must tell your story in an interesting way, and when you want to reach the buyers of this community use the columns of this paper.
